Compliance with DMV Driver Regulations

Tuesday, February 7th, 2012
10:00am – 12:00pm

REGISTER NOW BY – February 1st 2012

Course Overview:
Assembly Bill 1648 was authored by Assemblyman Kevin Jeffries in order to clarify the licensing requirements for a firefighter in the operation of fire department equipment. That regulation took effect January 01, 2011

Since that time there has been a lot of information distributed that caused some confusion and in some cases concerns for fire chiefs around the state. This workshop is an effort to provide a summary of the options that are available and the processes that your local fire agency can employ to stay current on driver's license requirement.

Course Objectives:

1. **Provide participants with details of the 6 licensing options that are now available for the fire service.**
2. **Discussion of the processes being utilized by local fire agencies to comply for training and certification**
3. **Review of a paper complied by the CSFA Volunteer Committee to help local departments**

Instructor:
This course will be taught by Assistant Chief Tim Marrison, DMV Supervisor, Kala Peterson and Ronny J. Coleman, Former State Fire Marshal of the State of California and the Chairman of the CSFA Volunteer Committee.

Student Deliverables:
All participants in this workshop will receive a power point on this topic. Those that desire the CSFA Paper entitled Deemed to Comply will be sent the document electronically

Location:
Community Center
645 7th Street
Los Banos, CA 93635
