

ORMAC

OPERATIONAL RESPONSE TO MASS CASUALTY

DATE: JUNE 26 & 27, 2017 (2 Day Class)

TIME: 8:00 AM to 5:00 PM

LOCATION:

Salinas Valley Memorial Healthcare System

Ryan Ranch Center

Redwood Conference Room

5 Lower Ragsdale Drive, Monterey, CA 93940

Intended Audience:

Physicians, RN's, Paramedics, EMT's,
Hospital Administrative & Care staff,
Emergency Management, First Responders,
Fire & Law Enforcement

The approach to Mass Casualty incidents is something we can never learn enough about or drill sufficiently. Lives are in the balance if one does not think through all aspects of an incident. In this exciting program built from years of wide ranging experience from countries like Israel, Haiti, Turkey, Kenya and others, the ORMAC program covers:

- To define and cover the characteristics of mass casualty
- To cover the epidemiology of conventional MCI's
- To cover the principles of Hospital Triage
- To cover the principles of pre-Hospital Triage
- To cover the principles of tourniquets
- To cover the concept of MCI drills for hospitals
- To cover the ten commandments of an MCI
- To cover the concepts of "Scoop & Run", blast injuries and non-conventional MCI's

Program funded by Hospital Preparedness Program
