The Bay Area Urban Areas Security Initiative's Regional Training & Exercise Program is pleased to announce the following course is now available for registration. Agencies/departments who reside in the twelve county Bay Area UASI region are eligible to attend this course at no cost. Backfill and overtime for this course is not available.

**Title:**
All Hazards Operations Section Chief (E/L-958)

**Description:**
This five-day course serves as a basic introduction to the activities and processes of a Type 3 AHIMT. The course is delivered assigning students in teams of 8-10 filling the Command and General Staff positions working as a team for the week.

This course provides local- and state-level emergency responders with a robust understanding of the duties, responsibilities, and capabilities of an effective Operations Section Chief (OSC) on an All-Hazards Incident Management Team (AHIMT). These responsibilities fall into two categories: 1) responding to the incident and the command needs of the incident, and 2) effectively fulfilling the position responsibilities of an OSC on an AHIMT. Exercises, simulations, discussions, and a final exam enable participants to process and apply their new knowledge.

FEMA EMI Certified

**Prerequisites:**
ICS-100, ICS-200, ICS-300; IS-700, IS-800.

Note: Completion of the ICS 400 course is highly recommended for all Position Specific training classes, and is a requirement to serve as an instructor for the program.

**Dates:**
November 7 - 10, 2016
0800-1700 hours

**Location:**
San Francisco Fire Department Division of Training
2310 Folsom St., San Francisco, CA 94102

**Provider:**
Industrial Emergency Council

**Registration:**
