- TIME/Cost:** 0800-1700 (all three days), \$150/student (30 student max)
First 30 payments received will reserve their spot.
Send payment to the above address by January 26, checks payable to SVTOA
- INSTRUCTOR:** Derek Fricke, Steve Facchini and John Wilson

This class is designed to continue where the Basic Auto Extrication course left off. Knowledge of common techniques and tools is a prerequisite. The course will involve hands-on practical training involving various scenarios and address scene safety, size up and extrication operations using a variety of tools/equipment. Hands-on experience will be gained using various methods to stabilize and extricate victims using vehicles on their side, upside down, and on other vehicles or barriers. Operations will involve laying down, crouching, or crawling in vehicles. Includes challenging scenarios where all members of the team must be working to keep from pushing out of the golden hour. Participants must furnish a complete set of NFPA compliant PPE including eye protection.

REGISTRATION: Contact Christina Whitendale at 559-802-9813 or
CLWhitendale@co.tulare.ca.us by Monday, January 22, 2017.
