### **DRIVER/OPERATOR 1B Pump Operations**

---

- Description:** This course has been updated to reflect the 2014 NFPA 1002 Standard for Fire Apparatus Driver/Operator Professional Qualifications and requires a textbook and student manual. This course provides the student with information on pump construction and theory of pump operations. Topics include: methods for performing basic hydraulics and techniques on basic inspections, documentation, maintenance, and troubleshooting fire pumps. Each student also has the opportunity to increase his/her pumping skills during simulated pumping conditions.
- Instructor:** Firefighter Jim Laughlin, Woodside Fire Protection District
