

Nozzle Forward

TWO DAY COURSE

Dates: Mon-Tues, December 9-10, 2019

Time: 8:30 AM – 6:00 PM

Location: Regional Fire Training Center

1220 Fire Science Lane

Modesto, CA, 95351

REQUIRED EQUIPMENT:

- Full Turnouts
- Structure helmet
- Gloves
- SCBA (optional)

COURSE DESCRIPTION:

The one thing that every fire department in the country has is a fire hose. The one event that happens on every single fire is a hose-line gets pulled and water gets flowed. The Nozzle Forward is a class for engine company crews. It is not a collection of technique; it is an adaptable system of hose line management and fire attack. It is focused around fighting fire, interior offensive firefighting, aggressive firefighting, for which we will never apologize. Aggressive firefighting is not the problem, it is the solution. The goal of the “Nozzle Forward” is to help craft more efficient Engine Companies by increasing the individuals’ competency with their tools and expanding on the conceptual aspects of the fire environment. The course will integrate the three major components of engine company work; fire behavior, hose management, and fire attack.

Please Contact the RFTC at (209) 548 5706 for registration, pricing or additional information.

Visit www.mjc.edu/firescience for a complete listing of courses offered at this location including State Fire Training courses.
