

CSFM S-270 BASIC AIR OPERATIONS

April 15-16, 2023

This course covers aircraft types and capabilities, aviation management and safety for flying in and working with agency aircraft, tactical and logistical uses of aircraft, and requirements for helicopter take-off and landing areas. Note: The regulations, procedures, and policies addressed in this course are primarily those governing federal agency and ICS operations. State, county, or other political subdivisions using this course will need to consult their agency having jurisdiction with respect to regulations, procedures and policies. Refer to the Interagency Aviation Training (IAT) Guide for IAT Acourse equivalencies: <https://www.iat.gov/>.
