FEMA NIMS ICS: All-Hazards Safety Officer (L0954): The goal of this professional development course is to provide federal, state, and local-level emergency responders with an overview of key duties and responsibilities of a Safety Officer in a Type III All-Hazards Incident Management Team (AHIMT).

Course Objectives:

- Explain the Occupational Safety & Health Administration (OSHA) regulations and National Fire Protection Association (NFPA) standards to response operations.
- Explain the role and responsibilities of the Safety Officer in assuming the position and creating an attitude of safety on an incident.
- Identify the information that the Safety Officer must obtain when beginning work on an incident and potential source for obtaining that information.
- Contrast between a hazard and a safety risk.
- Identify techniques used to prioritize hazards for mitigation, as well as several types of mitigation and accident prevention.
- Develop an ICS Form 215A, Incident Action Plan Safety Analysis, given a scenario.
