

# GMR LEARNING PRESENTS

## Pediatric Respiratory Emergencies

This webinar provides a focused clinical overview of common pediatric respiratory illnesses—Croup, RSV/Bronchiolitis, Asthma, and Epiglottitis—alongside pediatric sepsis. Participants will gain insights into pathophysiology, early recognition, differential diagnosis, and evidence-based management strategies

December 18th 2025

2 pm EST, 1 pm CST, Noon MST, 11 am PST

**Presenter: Jacob Trammel MD**

Dr. Trammel is an Emergency Medicine Physician and EMS Fellow at Washington University in St. Louis, Missouri. He completed his MD and residency at Southern Illinois University, serving as Chief Resident in his final year. During his fellowship, he provides medical direction and education to EMS agencies across the greater St. Louis area, and participates in disaster response, mass gathering medical support, and special teams training.
