

GMR LEARNING PRESENTS

Resuscitation Targets in Shock: Evidenced-Based Strategies Part 2

This session will outline evidence-based resuscitation targets for patients in shock, focusing on hemodynamic goals, perfusion markers, and oxygen delivery strategies. Part 1 will cover initial stabilization, fluid resuscitation principles, and monitoring parameters essential for guiding therapy.

January 15, 2026

2 pm EST, 1 pm CST, Noon MST, 11 am PST

Doctor Eric Bentley MD, FACS

David Eric Bentley, MD, FACS is a board-certified general and trauma surgeon at Skyline Hospital Level I Trauma Center in Nashville, TN. He serves as Medical Director for Air Evac EMS KY/VA and Kentucky State Fire Rescue Training, and is a Colonel in the Kentucky Army National Guard. Dr. Bentley has held leadership roles on the Kentucky Board of EMS and CoAEMSP and brings decades of experience in emergency and surgical care.
